

# Hand Safety

**Wear leather gloves or other appropriate type when doing material handling.**

**Wear proper hand protection when exposed to chemicals, sharp objects, abrasive objects, hot objects or other hand hazards.**

**Avoid wearing rings, bracelets, or other similar jewelry in the workplace.**

**Wash hands with warm water and soap if hands are contaminated with oil or other chemicals.**

**Use appropriate tool for the job. Use different tool or power tool if bolt, screw or similar object requires excessive force.**

**When using a wrench or other similar hand tool use proper type and size.**

**When using hand tools assess hazards and remove, such as greasy surfaces, sharp edges, etc.**

Rockwood Casualty Insurance Company (Rockwood) may provide safety management services to its insureds in order to reduce the risk of loss that may lead to insurance claims. The information and advice we provide is not intended to include all possible safety measures and controls. Rockwood does not warrant that losses and claims will be avoided or mitigated if our recommendations are followed. The safety management services we provide do not relieve the insured of its own duties and obligations with regard to safety matters, nor does Rockwood guarantee to the insured or others that the insured's property and/or operations are safe, healthful, or in compliance with applicable laws, regulations or standards. The insured remains responsible for its own operations, safety practices and procedures and should consult with legal counsel and safety professionals, of its own choosing, as it deems appropriate.
