Rockwood Casualty Insurance Company (Rockwood) may provide safety management services to its insureds in order to reduce the risk of loss that may lead to insurance claims. The information and advice we provide is not intended to include all possible safety measures and controls. Rockwood does not warrant that losses and claims will be avoided or mitigated if our recommendations are followed. The safety management services we provide do not relieve the insured of its own duties and obligations with regard to safety matters, nor does Rockwood guarantee to the insured or others that the insured’s property and/or operations are safe, healthful, or in compliance with applicable laws, regulations or standards. The insured remains responsible for its own operations, safety practices and procedures and should consult with legal counsel and safety professionals, of its own choosing, as it deems appropriate.

Fall Prevention Tips

✓ Identify and evaluate jobs that expose workers to falls. Implement written policies and practices to prevent falls.

✓ Inspect workplace for fall hazards such as unprotected floor openings/edges, shafts, skylights, stairwells, and roof openings/edges.

✓ Inspect personal fall arrest equipment for defects before use.

✓ Select, wear, and use fall arrest equipment appropriate for the task.

✓ Secure and stabilize all ladders before climbing them.

✓ Never stand on the top rung/step of a ladder.

✓ Use handrails when you go up and down stairs.

✓ Practice good housekeeping. Keep electric cords, hoses, tools, etc. out of walkways or adjacent work areas.
