

Argo Environmental Contractors Pollution Liability

Our contractors pollution liability (CPL) coverage provides enhanced pollution liability for today's contractors. With streamlined coverage grants, fewer exclusions and affirmative definitions, it eliminates the need for most endorsements.

Most additional coverage endorsements required by contract are included within the form, including:

- Blanket additional insured
- Blanket waiver of subrogation
- Blanket primary/non-contributory wording

Additional Coverage Enhancements

Automatically included unless otherwise endorsed:

- Transportation pollution liability, first and third party; includes misdelivery and loading/unloading coverage
- Non-owned waste disposal facility coverage
- Environmental crisis management costs
- Affirmative completed operations
- Microbial matter coverage (mold, fungus, legionella)
- Punitive damages where insurable by law
- Minimum premium is \$2,500

Target Classes

- General contractors
- Construction (commercial/residential)
- Interior demolition
- Drywall/electrical
- Fire/water restoration
- HVAC/mechanical
- Excavation/paving
- Painting
- Roofing
- Sewer/water main construction
- Utilities
- Welding
- Insulation/fire proofing
- CPL wraps (owner/contractor controlled CPL programs)
