

Asset Management PROtectSM

Management and Professional Liability Insurance With Cyber Coverage

Argo Pro's policy offers investment advisers access to various coverages under one admitted policy.

ARGO PRO

Member Argo Group

Professional Liability

Investment adviser is sued for breach of fiduciary duty or misrepresentation in the management of a client's investment portfolio.

Management Liability

A suit is filed against the investment adviser and its directors by its shareholders for the alleged mismanagement of a company.

Cost of Corrections

Investment adviser sells the wrong stock after a misunderstanding, resulting in a large reduction in the value of a client's accounts.

Cyber Liability

Investment adviser's computer is hacked, resulting in a lawsuit over stolen data.

Subpoena Assistance

Reimbursement of costs for complying with subpoenas for interviews or document requests.

Private Fund

A hedge fund manager is sued for the mismanagement of fund assets or improper due diligence in the selection of a third-party service provider.
