

Private Equity PROtectSM

Argo Pro's Private Equity PROtect through its partnership with BlueChip Transactional Risk gives private equity firms and portfolio companies a comprehensive suite of insurance coverage for every step along the way.

ARGO PRO

Member Argo Group

Before the transaction

Private Equity PROtect covers private equity companies against losses related to investment decisions they make.

Coverage highlights:

- General partnership liability
- Employment practices liability
- Fiduciary
- Crime/Bond

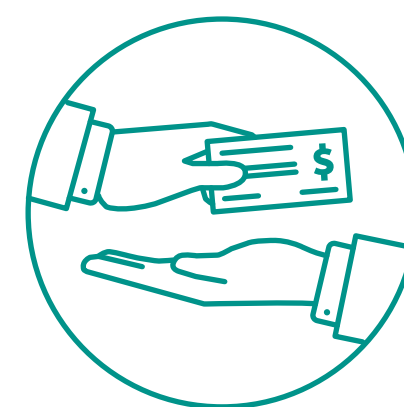

During the transaction

Private Equity PROtect offers a solution for protecting buyers and sellers against potential unknowns that weren't discovered during a sale's due diligence process.

Coverage highlights:

- Directors and officers run-off
- Representation and warranties
- Contingency liability
- Tax indemnity

After the transaction

Private Equity PROtect offers ongoing coverage for private equity firms' portfolio companies. It includes Argo Pro's Private Company PROtectSM product, a management liability package that provides private companies access to various coverage offerings under one policy.

Coverage highlights:

- Management liability
- Errors & Omissions
- Cyber liability
